

# **LIBRARY RESOURCES**

As an affiliate of the Cabell County Public Library, our students have full access to all library services. The Cabell County Public Library is located directly across the street from the college, holding more than 375,000 titles. The library staff will provide tours and reference assistance for our students. The Cabell County Public Library has entered into a contract designating the college as an “affiliate” of the county’s library system. All Huntington Junior College students, regardless of their place of residence, are eligible for Cabell County Public Library cards, entitling them to full use of the library’s resources.
