

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Campus Security Authorities, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college e-mail system, text system, posted on the front door of the college, and announced over the PA system, as well as aired on the phone message for students, staff, or faculty calls. If time permits, the local television and radio stations are also notified. Weather closings are always reported through local media outlets. Anyone with information warranting a timely warning should report the circumstances to the college.
